**SHEKINAH CHRONICLES**

By: Nathan D. Pietsch

Dear Friends and Family,

May, 2012

May was a splendid month for Dawn and I on the USA mission field. Here is a brief list of some of the highlights from the month.

✠ Numerous people received Jesus, baptized in the Holy Spirit, speak in tongues (See Acts 19:1-6.)

✠ Satanic deliverance

✠ Prophetic declarations spoken over the city

**R.E.S.E.T. PROGRAM**

Dawn and I have volunteered with the New Orleans Police Department. We are part of a team called, *Rapid Engagement of Support in the Event of Trauma*. Our purpose is to provide support to communities and families directly affected within 48-hours following a murder.

New Orleans—subject to change—has the highest murder rate per capita in the United States. That is one of the reasons why Dawn and I have stayed in this area for so long. We believe God is doing something wonderful in this city.

The last time we went out with the police department there were five murders. There is typically a murder almost every day. However, they were surprised that there had not been a murder in over three weeks.

While we were out in the community with the police following the murder of a 20-year old, we were able to minister to several people. At the end of the day, three people received Jesus into their hearts, and all three were baptized in the Holy Spirit.

What was really exciting was that the police department gave us full access to witness and pray for the people affected. The police said that they could not pray because of the church and state issue, but we were given complete approval because we were volunteers.

**SATANIC DELIVERANCE**

Dawn and I got a call from some people pertaining to their daughter. She was very tormented by the enemy. We went over to their house to pray for her. While we were praying, the Holy Spirit began to bring evil spirits to the surface.

The teenage girl began to manifest evil spirits. She began to grow violent and kick at her mom. It gradually grew worse. Her brother had to jump on top of her and restrain her.

While we were praying for her, she began to scream at the top of her lungs, noises that could make a person's hair stand on end. Her eyes turned black, as her eyes dilated to something unnatural. Her voice also changed from high shriek screams to deep growls. After awhile, she calmed down as the spirits left.

**MEN'S RETREAT & CONFERENCE**

I had the amazing opportunity to go to a men's retreat and a conference with one of the local churches we attend. I got refreshed and ready to go onto the streets again.

**THANKS FOR EVERYTHING!**

Dawn and I want to say thank you so much for your prayers and support. You make it possible for us to continue to minister to the people in New Orleans, and everywhere we go.
