LAY YOUR BURDENS DOWN

For the month of July, Dawn and I were able to volunteer in the largest Healing Rooms in the world. Each week, hundreds of people from around the world pass through the doors of the Healing Rooms in Redding, California to receive prayer. Many people come in desperation to be set free of physical pain, disease, and infirmity.

Dawn and I witnessed a young lady with excruciating neck and back pain be totally healed. "Cheryl" is only 24-years old, but was so traumatized by pain that she was very distraught. As we began to pray for her, the Holy Spirit showed up in a beautiful and powerful way. God began to reveal to Cheryl that she had been carrying heavy burdens of perfectionism, performance, and stress. The Lord spoke to Cheryl she was carrying burdens she was never meant to carry.

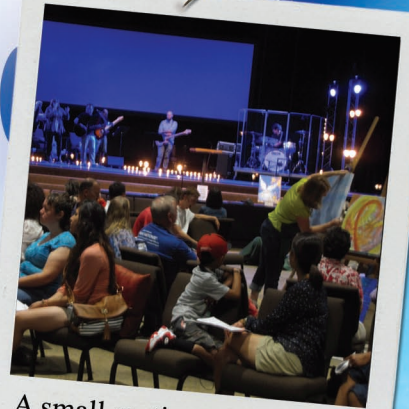

Jesus said in Matthew 11:28: *"Come to Me, all you who labor and are heavy laden, and I will give you rest."* Jesus' words are very applicable for us today.

As Cheryl began to give her burdens to Jesus, the pain began to leave her body. At the end, she was in tears and the pain had completely left her body. The Heavenly Father, Jesus, and Holy Spirit had touched her in a powerful way, and He wants to touch you with healing virtue as well, just lay your burdens down.
