#### HOMELESS MINISTRY

After Dawn and I finished our six month missionary assignment in New Orleans, we were able to spend three weeks in the Palm Springs area. We teamed with an amazing homeless street ministry. The ministry feeds many homeless people while offering prayer and spiritual guidance. The outreaches took place in the local city park. We then went into the desert directly into the homeless camps. It is amazing how some people live. They have made "forts" built under trees and shrubs on vacant land. It was quite the experience to take food to the homeless people living in the desert.

Dawn and I were able to pray for and minister to many people living on the streets and in the desert. Many of these people have so many emotional wounds and traumas that only the love of Jesus can heal them. We found a man named, "Alex" who was totally hopeless and desperate. He was so depressed it even seemed to be a struggle just for him to speak. We were able to share how much Jesus loves him, and how there is hope in Jesus. It was a simple message of how Jesus died on the cross to set us free from sin and death. We could gradually see the love and light of Jesus penetrating Alex's cold, hard heart. Alex was touched and received Jesus into his life. God had removed Alex's heart of stone and gave him a heart of flesh. Thank you, Jesus.
