

Dear  
Family & Friends,

ALL SUFFICIENT GOD  
CHURCH

### 2015 REVISITED

The year 2015 held many wonderful surprises, adventures, and excitement. Our primary geographic location of ministry consisted of numerous cities throughout Oregon and California. It is our heart's desire to share the love of Jesus and His redemptive work of the cross with any person who desires to hear.

Throughout the year, We had the privilege of ministering to many people. Some of these included people from: France, Switzerland, and Germany.

While being in Southern California, we have had the amazing opportunity to partner with a fabulous church. We have been helping co-lead a house church weekly. We have been able to help disciple people and activate them into their life's purpose. It has been truly exciting to see people become activated in the spiritual gifts, fall deeper in love with the Heavenly Father, Jesus Christ, and Holy Spirit, and begin to step into their destinies.

We have also been writing and working on a ministry training resource entitled, *Destiny Activated*. You can check it out at:

The year 2016 appears to hold an entire new series of adventures in new locations, as we minister the Good News of Jesus Christ around the world.

We got certified as Global Disaster Relief responders.

If there is a disaster in the world, we might get called to help.
