#### **ADVANCING THE KINGDOM**

The summer month of July seemed to blaze by at an accelerated rate. Perhaps it was because of our intense ministry schedule. We had the opportunity to preach in churches and pray for people in personal prayer sessions. There are so many hurting people who need a touch from the Heavenly Father, Jesus Christ, and Holy Spirit. It is such an honor for Dawn and I to be used in this capacity.

If you did not know, Dawn and I are leaving the United States on August 1st for three months. We have been commissioned to help bring revival to Europe. We have been asked to help train, equip, and activate the church bodies in: deliverance, inner healing, and evangelism outreach. The people are hungry to learn more about who the Holy Spirit is, and the Biblical gifts He offers. (See 1 Corinthians 12 and 14.) They no longer want to "play church," but arise in true Kingdom power and authority to expel the darkness in their territories. We are very excited to help in all ways possible.

*Nathan and Dawn Pietsch,  
Frontline Missionaries.*

After our time in Europe, we are planning two intensive evangelism crusades in Kenya, Africa. We will be taking a ministry team along with us in early 2018. If you are interested in learning more about or going on the Kenya Mission Trip, please visit our website.

Despite everything negative that might be going on in the world, I believe it is the best time in history to be alive. I think we are on the brink of something huge. I highly encourage you to be about the Father's business (Luke 2:49). God bless you.
