Miracles in the Barrio

By Nathan D. Pietsch

Dawn and I teamed up for outreach with a ministry in Mexico called, Heart4Cabo. We went into the barrio to meet with some local people Heart4Cabo has built homes for. Several of the individuals had serious medical conditions. In one of the houses we visited, the mother suffered with numbness and weakness in her hand. She was bitten by a venomous spider which caused the problem. After we prayed for her, the strength in her hand instantly increased. She also said the numbness disappeared.

Her daughter was suffering with kidney stones. She was in severe pain, and regularly had other chronic illnesses. We prayed for her healing in the name of Jesus and all the pain left her. Other ailments tormenting her also disappeared. It was wonderful to see her countenance transform before our eyes. After we prayed for healing, we invited the entire family to receive prayer. By God's grace, we led the group of six into a personal relationship with the Heavenly Father, Jesus Christ, and Holy Spirit.

We visited another home in the area. The dad was having a lot of physical difficulties. He was suffering with kidney problems resulting in weekly dialysis. He also had pain in his body and was blind in his left eye. He was so weak he had to lie down during the prayer time. After we prayed for him, he was able to walk around, the pain left, and he was seeing light and outlines in his eye which was dark beforehand. We then led his family in prayer to rededicate their lives to the Lord. God is on the move, and we are excited to be a part of it.
