Healing is on the Rise

By Nathan D. Pietsch

God is on the move. He is moving in powerful ways of healing, deliverance, salvation, miracles, and prophecy. The good news through, there is so much more awaiting us. The Prophet Joel spoke in Joel 2:28-29 saying, “²⁸ And it shall come to pass afterward that I will pour out My Spirit on all flesh; your sons and your daughters shall prophesy, your old men shall dream dreams, your young men shall see visions. ²⁹ And also on My menservants and on My maidservants I will pour out My Spirit in those days.”

Dawn, myself, and a few other friends had the privilege of praying for a man who had a severe stroke. He was about 95% paralyzed on his entire left side. He had not stood up for over nine months and was confined to a motorized wheelchair. He was in a very difficult situation.

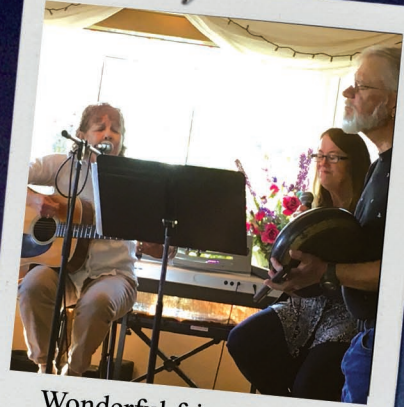

We began to pray and contend for his healing. I would love to report the man instantly jumped to his feet and began to run around. However, that did not happen. God began to heal him in small amounts. We would pray, and he would increase his range of motion. We would pray again, and another small breakthrough would occur. We continued aggressively praying for about 30 minutes. The man was able to stand up out his wheelchair for the first time in nine months. We believe God is in process of bringing restoration to his physical body. Even though we did not witness a complete healing miracle in the moment, we rejoice in what God did do. We just know there is more awaiting us and we are pressing in to do the greater works. (See John 14:12.)
